Second - Viriam Singh

Background/History:

MOTION FOR ADVISEMENT:

On April 24, 2021 Khalsa Council approved a motion for advisement to the SSSC stating:

Whereas The International Khalsa Council affirms our core Sikh values which strongly include the values of equality

Whereas the International Khalsa Council affirms its belief in marriage equality for all people

And whereas the International Khalsa Council believes in human rights for the LGBTQ+ community

Therefore (in addition to Motion #1), the International Khalsa Council requests that the SSSC fund a Human Rights Commission that would, among other issues, begin by lobbying for and realizing Marriage Equality for Sikhs around the world.

- *Collaborate with Sikhs about marriage equality and the spiritual inclusivity of Sikhism as a whole.*
- *Create a network of communities in support of marriage equality both within and outside the SDI ministry with which people can connect.*
- *Create a full time position (possibly 2) for working on educating, lobbying, and furthering the mission of marriage equality.*
- *SDI will submit to SSSC for funding to put towards this cause specifically.*
- *Collaborate with LGBTQIA+ organizations within and outside Sikh Dharma*

Steps taken so far:

In an SSSC Regular meeting on May 5, 2021 the board tasked the governance committee to:

1. to work on the proposal before coming back to the Board. Governance would facilitate reaching out to the various entities (KC, DEI and OPA)
2. Consult with the Office of Public Affairs on this topic for feedback.
3. Ensure security plans and an intelligence apparatus are in place.

Meeting with SDI Board Wednesday, July 21, 2021:

- Requested to clarify the purpose
- After the meeting the Governance Committee decided this commission would be best placed in SSSC vs SDI as this work would encompass other nonprofits.
- SDI preferred that the Commission sit under the SSSC.

Adopt the 6 principles and will begin to work to implement them throughout the organizations we represent and other various organizations.
